

WE MAKE A DIFFERENCE – HOW DOES IT WORK?

- Diamond Resin Flooring tender competitively for every job and will supply you with a realistic quotation for your project.
 - We will plan and oversee the timely delivery of your project while ensuring adherence to the contractual, environmental, health, safety, and CDM 2015 regulations.
 - Our managers have in-depth experience of individual requirements, from specification through to specific project management and quality control to client delivery, hand over and maintenance programming.
 - The company is run by professional Surveyors, Project Managers and Project Planners.
 - Essentially, we provide our clients with a one stop shop that deals with all your Resin flooring requirements from initial call to hand over.
-
